Professional Development

Eight-Hour Pre-Assignment Training Course for Security Guards

This is an eight-hour course required by New York State as the first step in obtaining a security guard registration card from the New York State Department of State. The course provides you with a general overview of the duties and responsibilities of a security guard. The passing of an examination is required for successful completion.

Instructors: Joe Ciccone, John Bielby, Rick D'Alessandro

Various Locations • **FastTrack**

Utica: Sept. 17, 19 • T, Th. • 6-10 p.m.

Rome: Oct. 19 • Sa. • 9 a.m.-5 p.m.

Utica: Nov. 5, 7 • T, Th. • 6-10 p.m.

16-Hour On-the-Job Training Course for Security Guards

This is a 16-hour course that must be completed within 90 days of employment as a security guard. The course provides detailed information on the duties and responsibilities of a security guard. The passing of an examination is required for successful completion.

Instructor: Rick D'Alessandro

Utica: Nov. 12-21 • T, Th. • 6-10 p.m. • **FastTrack**

Eight-Hour Annual In-Service Training Course for Security Guards

This eight-hour course must be completed within 12 months from completion of the Eight-Hour Pre-Assignment Training Course for Security Guards and annually thereafter. The course provides you with updated and enhanced information on security guard duties and responsibilities.

Instructors: Joe Ciccone, John Bielby

Various Locations • **\$70**

Utica: Oct. 15, 17 • T, Th. • 6-10 p.m.

Rome: Nov. 12, 14 • T, Th. • 4:30-8:30 p.m.

OSHA-10 General Industry **NEW**

This 10-hour, in-person OSHA training program is intended to provide entry-level general industry workers information about their rights, employer responsibilities, and how to file a complaint, as well as how to identify, abate, avoid, and prevent job-related hazards on a work site. The training covers a variety of general industry safety and health hazards a worker may encounter at a job site. Students will receive a certification card via postal mail upon successful course completion.

Instructor: Eric Sims

Utica: Oct. 8, 9 • T, W • 9:30 a.m.-3:30 p.m. • **\$100**

SAVE School Violence Prevention

This workshop satisfies the New York State Education Department's requirement for two-hour school violence prevention training (SAVE), and focuses on issues relating to violence and safety for school-age children from both the identification and prevention perspectives.

Instructors: John Bielby, Rick D'Alessandro

Various Locations • **\$30**

Utica: Oct. 3 • Th. • 4-6 p.m.

Rome: Nov. 21 • Th. • 4-6 p.m.

Child Abuse Recognition

The New York State Education Department requires healthcare, educational, and other licensed professionals to be trained to identify and report child abuse. Matriculated students at MVCC should consult with academic advisors before enrolling.

Instructors: John Bielby, Rick D'Alessandro

Course 2: Gender in the Classroom • Oct. 7-Nov. 1

Course 3: Generational Learning Styles • Nov. 4-29

Construction Training

Home improvement contractors, property management firms, handymen, landlords, or others compensated for renovations that disturb more than 6 sq. ft. (interior) and 20 sq. ft. (exterior) of paint or surface coating in pre-1978 housing, schools, or child-occupied facilities are required to obtain an EPA firm license and have their workers trained in lead-safe work practices. These courses provide the knowledge and voluntary skills necessary for do-it-yourselfers who want to learn to do it safely – especially those with young children! Renovation firms must have at least one certified renovator who has completed training and obtained a firm certification from the EPA at a cost of \$300. MVCC is offering these courses in partnership with the Oneida County Health Department and Environmental Education Associates (EEA). These courses are accredited by the EPA and fulfill the requirements for lead-safe training. EEA is a USEPA TSCA 402 accredited training provider.

Lead Renovator Certification

This eight-hour initial certification course is required for any renovator without previous training to become a certified lead-safe contractor. The course concludes with a 25-question exam. Bring a pen, pencil, paper, and lunch; all other materials will be provided.

Instructor: Gene Allen

MVCC Carpentry and Masonry • F • 8:15 a.m.-5:15 p.m. **\$175**

Option 1: Oct. 4

Option 2: Nov. 1

Healthcare & Fitness Training

Barrier Precautions/Infection Control

The New York State Education Department requires this class for licensed professionals, including physicians, physicians' assistants, specialist assistants, dentists, dental hygienists, registered nurses, licensed practical nurses, optometrists, and podiatrists. Certification is valid for four years. This class is self-paced and can be started at any time. (0.3 CEUs)

Instructor: Tammy Johnston

Online Self-Paced • \$50

CPR, AED, and Blocked Airways

This course covers CPR and Basic Life Support for healthcare students/professionals, BLS CPR (1 and 2 rescuer), BVM Ventilations, choking, and AED use for adults, children, and infants. Students who pass written and skills tests receive an AHA BLS e-card that is valid for two years. Please bring \$10 cash for the certification card.

Instructor: Karen Murphy

Utica: Dec. 3 • T • 9:30 a.m.-2 p.m. • **\$55**

CPR, AED Heartsaver

This course covers CPR and AED use for anyone with little or no medical training who needs a course completion card for their job, regulatory (e.g., OSHA), or anyone who wants to be prepared during an emergency. Topics covered are choking and AED use for adults and infants. Students who pass written and skills tests receive an AHA e-card that is valid for two years. The cost of the card (\$22) is included in the tuition.

Instructor: Karen Murphy

Utica: Dec. 5 • Th. • 9:30 a.m.-2 p.m. • **\$77**

Medical Billing and Coding Certificate

Learn about legal, ethical, and regulatory concepts central to this field, including HIPAA compliance, official coding guidelines, and third-party payer requirements. At the end of the course, you'll receive a certificate of completion and be able to choose a voucher for the professional certification that best aligns with your interests and career goals (testing voucher included). All materials are included in tuition. To enroll, visit <https://careertraining.ed2go.com/mvcc/>.

Choose course ID GES1014.

Online Self-Paced • \$2,995

Spanish for Medical Professionals

This class, designed specifically for healthcare professionals, will help you practice the basic, practical language skills needed to effectively communicate with your Spanish-speaking patients and their families. Purchasing the textbook is required: McGraw-Hill Education "Complete Medical Spanish," 3rd Ed.

Instructor: Cristina Sempé

Online Asynchronous • Sept. 3-Nov. 1 • \$290

New York State High School Coaching Certification

Those wishing to coach an interschool athletic team in NYS must meet certain minimum requirements as set forth in the Regulations of the Commissioner of Education. This includes all head coaches and assistants for varsity, junior varsity, freshman, and junior high (modified) teams of public schools. These three online classes will get you started on your certification. Learn about athletic first aid and training/conditioning principles, the basic philosophy of coaching as integral to physical and general education, and different methods of coaching and team management. Classes are self-paced and can be started at any time.

Online Self-Paced • \$150 per course

Course 1: Philosophy, Principles and Organization of Athletics in Education

Instructor: Matt St. Croix

Course 2: Theory and Techniques of Coaching

Instructor: Matt St. Croix

Course 3: Health Science Applied to Coaching

Purchasing or renting the textbook is required:

"Concepts of Athletic Training," Ronald P. Pfeiffer and Brent C. Mangus, 7th Ed.

Instructor: Jen Krohn

The Center for Leadership Excellence (CLE) is a partnership between MVCC and Leadership Mohawk Valley – creating an innovative and high-impact center to address the region's need for effective, equipped, and engaged leaders and supervisors. CLE is now accepting applications for Leadership Academy, Leadership Mohawk Valley and Supervisors Institute. Contact jhobika@mvcc.edu or visit clemv.org for more information.

Health & Wellness

Balance, Strength, and Flexibility

Experience a full-body conditioning workout that will enhance muscle definition, balance, and strength, burn calories, increase flexibility, and improve bone density. We will use weights, resistance bands, and our own body weight. All work is standing and/or using a chair; there is no floor work.

Instructor: Linda Budlong, CPT, E-RYT 200, RYT 500

Online: Sept. 17-Dec. 3 • T, Th. • 4:30-5:15 p.m. • \$95

MVILR
Mohawk Valley Institute for Learning in Retirement

LEARN TO RIDE AT MVCC

For more information or to enroll, visit gomotorcycling.net or call Go Motorcycling, Inc. at 315-858-3321.

MVCC continues its relationship with Go Motorcycling, Inc. as Central New York's headquarters for award-winning motorcycle rider training. The ride starts here! Whether you are brand new to motorcycling or have been riding for a while, there's a licensing course for you!

Basic RiderCourse (BRC)

The BRC consists of five hours of independent online learning and at least 11 hours of hands-on riding instruction. This course provides the beginning motorcyclist with the basic mental and physical riding skills necessary to minimize risk on the street. Motorcycles and helmets are provided. Successful participants will receive a motorcycle road test waiver.

3-Wheeled Basic RiderCourse

The 3WBRC is an entry-level course comprised of eight hours of interactive classroom learning and about eight hours of hands-on riding instruction on automatic transmission 3-wheeled motorcycles (two wheels in front and one in back). Your successful completion qualifies you for a three-wheeled Motorcycle License Road Test Waiver of the NYS DMV Road Test. Your licensing document will restrict you to three-wheeled motorcycle operation.

Introductory Motorcycle Experience (IME)

The Introductory Motorcycle Experience (IME) is just two hours long and the class size is small – just four participants! The IME is a program to get familiar with the primary controls of a motorcycle. The IME is a taste of riding without a big investment of time or money.

Basic RiderCourse 2 for License Waiver (BRC2-LW)

The BRC2-LW is designed for individuals 18 years or older that already have some street riding experience and have held a valid New York State Motorcycle Permit for at least one riding season. The course consists of a three-hour online eCourse, two hours of classroom instruction, and approximately five hours of practice riding exercises on your own street-legal motorcycle or scooter. The riding exercises conclude with a skills evaluation. Successful participants will receive a motorcycle road test waiver.

Basic RiderCourse 2 for Skills Practice (BRC)

The BRC2 is a half-day class for experienced riders who already have their motorcycle endorsement. Using your own motorcycle, you'll practice techniques for managing traction.

MSF RiderCoach Preparation Course (RCPC)

Are you a "people person?" Do you love motorcycling? Are you committed to riding safely? Maybe you'd like to join the Go Motorcycling family of MSF-certified RiderCoaches. Each RCP lasts eight days.

Artist Talk: Painting Tattoos with Shawn Barber **\$**

Renowned artist Shawn Barber shares his intimate renditions of tattooed individuals that capture both meticulous brush strokes and loose energy, reflecting his admiration for tattoo history and the individuals who define its rich past.

Utica • Sept. 12 • Th. • 6 p.m. • WH225

\$5 general • **\$2** MVCC employees

Gratitude Week

Giving thanks feels good. It also does good. Gratitude practices have been linked to an increased sense of well-being, self-worth, and self-efficacy. They have also been shown to decrease feelings of anxiety, depression, and loneliness by connecting us to others. Help us prepare for World Gratitude Day by building community and giving thanks. Join us at events across campus to give thanks and build a better world.

Utica • Sept. 16-20 • 10 a.m.-2 p.m. • Lobby, PH **FREE!**

Hawks Got Talent **PB**

A new version of open mic night where everyone can showcase their talent. This event is open to performers and spectators of all ages. Instrumentalists, singers, dancers, storytellers, poets, jugglers, magicians, and others are welcome!

FOR MATURE AUDIENCES ONLY.

Utica • Sept. 17 • T • 8 p.m. • Schafer Theater, WH **FREE!**

Performance: Strings Attached **PB**

An acoustic cover music duo whose genres know no bounds — pop, funk, soul, rock, country, R&B, and more!

Utica • Sept. 18 • W • Noon • Snack Bar, ACC **FREE!**

Special Event: Butterfly Garden **PB**

A butterfly garden is a high enclosed screen inflatable that houses different species of butterflies. Participants can hand-feed the free-flying butterflies using a nutrient-based butterfly nectar. When the event is completed, the butterflies are released back into their natural habitat.

Utica • Sept. 19 • Th. • Noon • Quad **FREE!**

An Evening with Danny Franzese, the original Damian from “Mean Girls” **\$**

Grab your friends, pick out your best pink outfit, and join us for an evening with “Mean Girls” star Danny Franzese! Best known for his role as Damian in the 2004 cult hit, the actor, writer, director, and comedian has become an influential voice in the LGBTQ+ community. His high-energy act — a blend of stand-up comedy and Q&A — brings all the lovability of his characters and himself to the stage.

Utica • Sept. 19 • Th. • 7 p.m. • Schafer Theater, WH

NEW PROGRAMS = NEW OPPORTUNITIES AT MVCC

Mohawk Valley Community College has announced the launch of several new programs tailored to meet the evolving demands of both students and our regional workforce. These new programs are designed to equip learners with specialized skills in high-demand fields, empowering them to succeed in today's dynamic job market.

“We are excited about these new offerings,” said Dr. Lewis Kahler, Vice President for Learning and Academic Affairs at MVCC. “We aim for our academic programs to serve the community’s needs, and these programs are comprised of needed updates and exciting additions that grew out of student interest and industry need.”

Data Analytics

In response to the growing need for more data-savvy professionals, MVCC's School of Business and Hospitality has added a one-year certificate program in Data Analytics, providing a new option for people of the Mohawk Valley to acquire sought-after skills in a rapidly expanding business field. This program provides students with the tools and techniques essential for using data analysis to make strategic business decisions. Through a blend of data science, mathematics, and general business knowledge, students learn to collect, organize, cleanse, and visualize data — all highly sought-after skills in a variety of industries, including marketing, financial management, healthcare, and manufacturing. Whether strengthening the skills of seasoned professionals or priming newcomers for the workplace, this certificate program caters to diverse career goals. It also transfers into MVCC's Business Analytics degree program, offering a pathway for further academic advancement.

The Data Analytics Certificate will be offered starting in the Fall 2024 semester. Learn more: mvcc.edu/academics.

Motion Media AAS degree

The MVCC School of Art has added a Motion Media AAS degree program in response to increased interest in 2D animation and motion graphics. This two-year degree program provides the skills and knowledge required for 2D motion artists to communicate effectively in visual and verbal formats, solve visual problems using creative methodology, and create 2D motion artwork using industry software and technologies. Students also gain advanced knowledge of arts through diverse global, cultural, and historical perspectives. Graduates will be prepared to enter the fields of motion graphics, 2D animation, and creative direction.

The Motion Media AAS degree will be offered starting in the Fall 2024 semester.

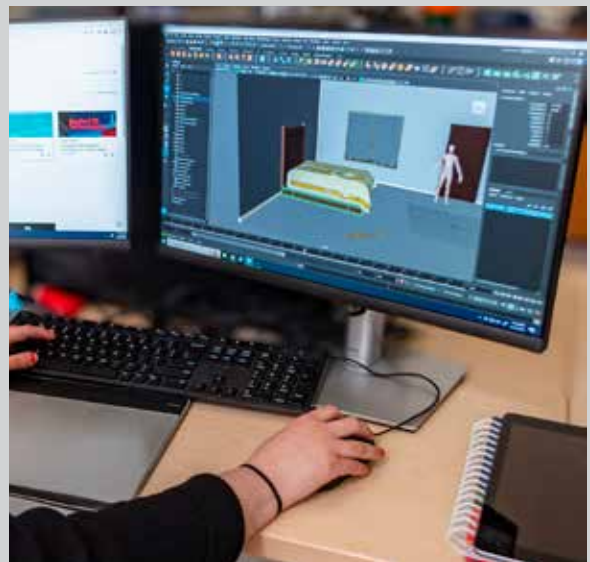

Learn more: mvcc.edu/academics.

Game Art AAS degree

The MVCC School of Art also has unveiled a Game Art AAS degree. This program replaces the Digital Animation degree, which was originally developed in the early 2000s during the infancy of 3D content creation. Since that time, software, concepts, techniques, and processes have evolved substantially, necessitating curriculum changes to reflect current industry practices. The revamped two-year program covers everything from modeling and texturing to lighting, rendering, and animation. New courses simplify and streamline content, giving students more time to explore various topics. For those looking to continue their education, the program aligns with SUNY Polytechnic Institute's IGDA Game Design curriculum.

The Game Art AAS degree program will be offered starting in the Fall 2024 semester.

Learn more at mvcc.edu/academics.

Fashion Design AAS

Catering to a growing interest in fashion-related disciplines, MVCC's School of Art is introducing a Fashion Design AAS degree program focused on the creation of garments and apparel. Designed to prepare students for careers in the fashion industry, the program provides advanced knowledge of the arts through diverse global, cultural, and historical perspectives. Students develop the requisite skills in effective visual communication and problem-solving and the utilization of industry-specific software to create fashion design. Graduates are prepared to become independent fashion designers or enter the workforce as tailors, costume designers, or pattern makers.

The Fashion Design AAS degree program will be offered starting in the Fall 2025 semester.

For more information, contact Todd Behrendt, Dean of MVCC's School of Art, at 315-792-5409 or tbehrendt@mvcc.edu.

For more information on all MVCC programs and how to enroll, visit mvcc.edu

TRADES PROGRAMS AT MVCC

MVCC offers two-year degree and one-year certificate programs in various trades with opportunities for experiential and applied learning through community projects, internships, and apprenticeships.

Between the rising costs of college tuition and shifts in the job market, many students are realizing the benefits of skilled trades, which provide training and education in practical fields. Most students emerge from these programs with little to no debt and a marketable skill, and many have jobs within one year of graduation. "MVCC has a long and proud tradition of offering high-quality technical training, as the state's first community college," said Joe Woodrow, Dean of the School of STEM-Career. "Our students get hands-on experience in outstanding facilities and learn from dedicated, knowledgeable faculty who have experience in the field."

AVAILABLE OPTIONS

Airframe and Powerplant Technician Certificate

Three semesters

This FAA-authorized program (Certificate #VXYT570K) prepares students for a career in one year, giving them get hands-on experience with real equipment and aircraft at MVCC's aviation center, located near the College's Rome Campus and Griffiss International Airport.

Carpentry and Masonry Certificate

Two semesters

Located at MVCC Carpentry and Masonry in Downtown Utica, this program combines lectures with labs and on-site sessions, providing hands-on experience that prepares students to work as carpenters or masons, or even start their own businesses.

Computer Aided Drafting programs

AAS degree: Four semesters

Certificate: Two semesters

These programs prepare students for careers as industrial designers and drafters in the technical drawing and solid modeling design fields. Emphasis is placed on architectural and mechanical drafting.

CNC Machinist Technology Certificate

Two semesters

This program prepares students for employment in general machine shops and Computer Numeric Controlled manufacturing. Students develop their own advanced machining projects, which include the design, manufacturing, and evaluation of their own product ideas.

Electrical Service Technician AOS

Four semesters

This degree encompasses the field of industrial and commercial services, providing students with the skills needed to work effectively as part of a diverse technical team or on their own.

Heating and Air Conditioning (HVAC) programs

Certificate: Two semesters

Refrigeration AOS degree: Four semesters

Both programs prepare students to enter the workforce as service technicians, installers, lab technicians, and facilities maintenance mechanics in the residential, commercial, and industrial heating and cooling industries.

Mechatronics Certificate

Two semesters

This program prepares students for a career in advanced manufacturing in just one year. It focuses on mechanics, electronics, motor control systems, and automation, which drive the design and operation of modern machinery. Graduates are qualified for employment as machinists, tool operators, and nanotechnology support.

Welding Certificate

Two semesters

MVCC's students learn all the major processes, including Oxy-Fuel, MIG, TIG, and Arc Welding, as well as plasma-cutting, fabrication, blueprinting, and blacksmithing, preparing them for welding work and for the NYS Certification Exam.

To learn more about these programs, visit www.mvcc.edu/academics/stem

TYPES OF ASSOCIATE DEGREES

YOU BELONG.

“I was a Nursing major, and every single nursing instructor, clinical instructor, and computer lab teacher I had was truly amazing. They genuinely cared for us. I am the nurse I am today because of the instructors and the program at MVCC.”

Jamie McCumber '06, Nursing

“My academic and athletic experiences at MVCC were unparalleled. The things I learned in the education program far exceeded expectations, and playing for the soccer team taught me that unity and teamwork bring you to great heights and help get you through struggles both on and off the field.”

Madison Vitale '14, Childhood Education

MVCC.EDU/VALUE

“I could not be where I am today without the incredibly cooperative professors, determined students, and convenient operations that make it easy for students to have lives outside of their schoolwork. I truly believe MVCC is an amazing college that pushes opportunity as vigorously as it pushes education.”

Dakota Johnson '17, General Studies
